## SAFEGUARDING POLICY STATEMENT

***“Milford Academy is committed to safeguarding and promoting the welfare of young people and vulnerable adults and expects its staff and those associated with the school to share this commitment.”***

Safeguarding is the responsibility of all school staff. The school will therefore:

- Aim to safeguard all school learners
- Aim to safeguard school staff in carrying out their duties in teaching and supporting learners and the school
- Aim to establish and maintain an environment where pupils feel secure, are encouraged to talk, express views and are listened to
- Aim to ensure pupils know that there are staff in the school whom they can approach if they are worried

As an authorised visitor on school premises, we ask that you join with us in upholding these principles.

If you see or hear anything during your time in school that causes you to have concerns for the welfare of pupils or staff, we ask that you report to staff and ask to speak directly to a senior member of staff with lead responsibility for safeguarding.

Thank you for your help and support.

**Mr R Perkins**
