

I have worked at the Academy since January 2017 on a supply basis, covering sickness leave. I was then very fortunate to secure permanent work as the School Business Manager/Office Manager in this wonderful school in November 2017. Prior to this I have worked in various departments of Nottingham City Council since 2000 and from 2002 I secured employment at Lenton Primary and Nursery School as the School Secretary/ Office Manager. Then from November 2007 until June 2016 I worked as the Office Manager at Heathfield Primary and Nursery School. I believe that I continue to contribute my own learning and share my experiences and skills to The Academy. I am privileged to work in this school and work alongside staff who care about the children and families in the community.
